**WALES FLOUTS STYLE RULE**

**Prince Appears at Dinner on Ship in Street Dress; Dines With Friends at Modest Table**

**AN APPEAL TO REPUBLICAN ELECTORS**

**BY ALBERT E. BOYNTON**

Chairman Republican State Central Committee

The importance of voting at the primary election tomorrow cannot be too strongly urged upon the electors of California.

There is need for a revival in voting. Electors in California and elsewhere are allowing themselves to become lax in the exercise of a privilege that it cost civilization centuries of effort and an untold toll of life to gain.

There is only one kind of good citizenship and that is active citizenship.

The one sure test of active citizenship is a ballot in the box on election day.

As chairman of the Republican State Central Committee, I would urge upon the members of the party the supreme importance of voting.

Not only vote yourself, but preach the gospel of voting to your friends.

Let us make the primary election on Tuesday mark the beginning of a renaissance of voting in California.

And let the big Republican vote show that in this great movement the Republicans of California lead.

**DAWES ON VISIT TO COOLIDGE**

Will be a Guest Today at Vermont Farm  
Conference to Take Place on Political Situation

Later General Starts on Return to Chicago

(BY A. P. MONT WIRE)  
PLYMOUTH (Vt.) Aug. 24.—President Coolidge today invited Charles G. Dawes, his running mate, to visit him here on his return from Maine and arrangements were made for a conference tomorrow.

The visit of the Vice-Presidential nominee, who spoke yesterday in Augusta, Me., is planned, it was said, with a dual purpose—to permit a conference between the party heads on the political situation and to allow Mr. Coolidge an opportunity to extend the courtesy of New England.

The invitation was extended to Gen. Dawes by telephone. Gen. Dawes will be a guest of the President and Mrs. Coolidge at luncheon tomorrow night at the Vermont farm. Mr. Coolidge's father, where he is spending a vacation. It is understood that the President will depart tomorrow night on his return to Chicago.

Reports have reached here that some other party leaders expected to call on the President this morning, including George Harvey, former Ambassador to England, but G. Bascam, secretary to the President, said no definite time for their visit has been fixed.

**GEN. DAWES REACHES BOSTON FROM MAINE**

BOSTON, Aug. 24.—Gen. Charles G. Dawes arrived in Boston from the Maine battlefield tonight. Tomorrow afternoon he will have a few words with President Coolidge in the quiet of the old Coolidge farmhouse in the Vermont hills.

The conference with the President, however, is expected to be of much value to both of them in meeting the problems of the campaign.

As to the specific subjects to be discussed at the interview, Gen. Dawes tonight kept his own counsel.

**UPHOLDS AUGUSTA TALK**

Gen. Dawes spent Saturday night and Sunday in the quiet of a beach camp out among the Atlantic breakers. He is not disturbed about the subject of the anti-Klan speech in Augusta, Me. That his action should cause any excitement at all is regarded by him as an interesting commentary on American politics. He has decided what was right in that matter. He said he was not sorry he took this Augusta opportunity of stating it publicly. That it did not please all Maine politicians who are anxious about the success of the Republican State ticket September 8, does not trouble him.

"There is a right and a wrong in all things," is his attitude.

**FLYERS HOP TO IVIGTUT**

(Continued from First Page)

Iceland and the south tip of Greenland.

While there was no word from the flyers as to how long they probably would remain at Ivigtut, officials here were of the opinion that it would take them a day or so to overhaul their planes.

**DANISH BOAT OFF TO HUNT LOCATELLI**

(RADIO EXCLUSIVE DISPATCH)

ABOARD UNITED STATES CRUISER RICHMOND, Aug. 24.—A Danish motor boat manned by Eskimoes and carrying supplies for twenty days, started today to search for Lieut. Locatelli, the missing Italian aviator, amid the countless fjords on the east coast of Greenland inside the ice pack.

Lieut. Locatelli and Lieutenant Commander Leitchman searched an hour in a seaplane from the Richmond this morning until a fog forced them to return.

The search is gradually narrowing the possible location of Lieut. Locatelli. The Italian is safe if he landed in water, but his silence after three days strengthens the theory that his plane crashed on land.

**Dawes Speech at Lincoln to Be Broadcast**

(BY A. P. MONT WIRE)

LINCOLN (Nebr.) Aug. 24.—Arrangements to broadcast the address of Charles G. Dawes, Republican Vice-Presidential candidate, were announced here today.

A long distance telephone wire will transmit the talk from the University of Nebraska Stadium to the Chicago Daily News Station.

WMAQ, stations WFAV, University of Nebraska, and WQAW, Omaha, and KPEX, Hastings, Westinghouse Electric Company station.

A parade will form at the station here upon Mr. Dawes' arrival and will lead him to his hotel, where he is scheduled to make an informal talk. The Nebraska State Concert Band will play the candidate's own composition, a melody, and patriotic numbers.

**TO LET—ROOMS—**

Rental ads in the Los Angeles Times are divided into many different groups, making it possible to turn to any desired kind of living quarters. One of the largest of these groups is "Rooms," which in turn is further subdivided into rooms furnished, rooms with or without board, rooms and board for children, housekeeping rooms, etc.

The result of this painstaking service is shown in The Times' great rental medium, overshadowing all other newspapers, both in number of ads printed and in number of people who consult them.

**Times Want Ads**

**MYSTERY IN SLAYING OF POLICEMAN**

Negro Officer Found Dying by Brother Patrolman; He and Civilian Wounded

One negro patrolman is dead, another may die and a third negro, said to be a janitor at a local bank, is perhaps mortally wounded as a result of mysterious shooting last night at Twelfth street and Hooper avenue.

The dead man, identified as a victim of J. A. Gilmore, 44, of 1848 East Washington street, who has been in the hospital since the shooting, was shot in the stomach.

The other patrolman, who was shot three times and is reported probably fatally is E. R. Robertson, 35 years of age, of 1508 West Thirty-fifth street. He was shot in the chest and abdomen.

A hurried investigation by the detectives had not disclosed Gilmore's connection in the shooting, but this angle is expected to be cleared up.

The shooting occurred in the heart of the negro district and drew a large crowd. None of the persons in the vicinity, the detectives said, could explain the mystery.

**PLAGUE OF 'SKEETERS' IN CHICAGO**

Billions of Vicious Species Make Life Miserable for All Persons Outdoors

(EXCLUSIVE DISPATCH)

CHICAGO, Aug. 24.—Chicago and vicinity is suffering a plague of mosquitoes—billions of them, of a new and most bloodthirsty variety. These predaacious insects have made life miserable for attendants at the outdoor amusement parks, at the lake resorts, at picnics and outings.

Golf links are heavily infested. In the suburbs have been invaded by hordes of the pests.

The new species is smaller than the common house fly, but more vicious, and is known as the species plicata, and while not especially dangerous, causes burning sores when it stings.

The rule that the "female" is the stinging insect, but that the male is a bloodsucker with an insatiable appetite.

Thousands of calls have come to the Health Department because of the ravages of the pest and instructions have been broadcast to the public to use mosquito coils, burn pyrethrum powder in the residences, use oil of citronella in the lower decks, lemon juice and vinegar freely on window sills and, above all, to pour out water from all outdoor pools and other breeding places.

**FOND DU LAC (Wis.) Aug. 24.** Excessive heavy rains of the past few weeks have made this section of Wisconsin a breeding place for mosquitoes and great swarms of the pests have made life miserable for man and beast. Farm work has been halted and the lower decks of the boats are practically deserted.

**Portland Man Ends Life by Leap Off Ship**

(EXCLUSIVE DISPATCH)

NEW YORK, Aug. 24.—Johann Braun, 55 years of age, a retired merchant of Portland, Or., who sailed from Hamburg on the 14th inst. on the steamship Albert Ballin, which arrived here today, disappeared from the ship on the way to Los Angeles.

He was seen by his wife and son in search of health, leaped from the ship and was never seen again. He left for America, he said he had ended his life, but Mrs. Braun thought it a jest and said no attention to the remark.

**Ship Bound for San Francisco Is in Distress**

(BY A. P. MONT WIRE)

SAN FRANCISCO, Aug. 24.—The freighter Carriaco, operated by the Oceanic Steamship Company, bound from Hawaii to San Francisco, was in distress today, southwest of here, according to wireless calls received by the Coast Guard.

The vessel's engines were disabled, advised said.

Lawyer services received by the Federal Telegraph Company here said that the steamer Sierra had reached the Carriaco and had taken her in tow. The vessel was reported to be in immediate danger. The Carriaco carries a crew of forty-five.

**AGED IOWA COUPLE DIE**

(EXCLUSIVE DISPATCH)

DES MOINES, Aug. 24.—Mr. and Mrs. W. E. Stewart died at their home at Graceland this morning, less than fifteen minutes' time separating the death of man and wife. The couple were preparing to attend the Southern Iowa G.A.R. reunion and it is believed the excitement incident to the occasion and the heat caused their deaths.

**TAX REDUCTION EXPECTED SOON**

All Presidential Candidates Favor Cut in Levies

Emergency Bill Planned for December Congress

General Revision Impossible Before March 4

(EXCLUSIVE DISPATCH)  
WASHINGTON, Aug. 24.—With further tax reduction and more tax reform proposed by President Coolidge and with a greater lifting of the taxpayers' burdens also urged by the other Presidential candidates, it is becoming a certainty that another general revision of revenue laws will not be long deferred.

An extensive overhauling of the present statutes necessarily must be delayed until the next Congress comes in after March 4, 1925. The discussion will start at the December session, however, and an attempt will be made to get through some emergency legislation remedying defects in the provisions of the present law creating the board of tax appeals. Any emergency legislation, however, may fail which will make it all the more certain that whether President Coolidge is re-elected or some one else takes up the reins of government a special session of Congress will be called in the spring of 1925 with tax revision one of the main subjects up for consideration.

**MANY CHANGES**

It is conceded that even if there were time for a comprehensive revision of tax laws in the short winter session, it would be impossible to reduce the higher surtaxes to a level much lower than provided in the law enacted at the recent session. When the next Congress comes in there will be many changes in the country goes either strongly Republican or otherwise it is quite likely that the law enacted at the recent session will be amended in a number of places.

Coolidge if re-elected will have back of him an actual working majority in the Senate and the regular Republicans may be close enough to a majority in the Senate to enable the passage of administrative legislation.

Suggestions regarding administrative changes in tax laws are expected to come from the Senate Finance Committee, of which will receive its investigation of the Internal Revenue Bureau about the middle of September.

**EXPERT RECOMMENDATIONS**

Four of the five members of the committee are also members of the Senate Finance Committee and are in a position to exert influence toward writing into the next tax law the recommendations of this investigating body.

Senator Jones of New Mexico, one of the members of the committee, is a leading minority member of the Finance Committee, and also a work out administrative recommendations, but also to develop further the proposals advanced by the Democratic majority.

**First of Sex in Line to Rule State**

(EXCLUSIVE DISPATCH)

WASHINGTON, Aug. 24.—The first woman in line to rule the state of Texas is Mrs. Miriam Ferguson, who is expected to be elected Governor in November.

Mrs. Ferguson is the widow of James Ferguson, who was Governor of Texas from 1901 to 1904. She is a native of Texas and has lived in the state for most of her life.

Mrs. Ferguson is a member of the Texas Democratic Party and is expected to be elected Governor in November. She is the first woman to be elected Governor of Texas.

Mrs. Ferguson is a member of the Texas Democratic Party and is expected to be elected Governor in November. She is the first woman to be elected Governor of Texas.

**CONGRESS RULE FIGHT GETS HOT**

Control of Both Houses Hangs in Balance

Rival Claims Make it Seem Anything May Happen

Defections in Radical Camp Give Hope to G.O.P.

(EXCLUSIVE DISPATCH)

WASHINGTON, Aug. 24.—Conflicting claims of the rival leaders make it appear that almost anything may happen in the contest for control of the two houses of Congress.

No Congressional election in years has presented more uncertainty. Unless there is a landslide the results in both houses are likely to be so close that it will be difficult to determine, on the basis of such returns as will be available the day after the election, just what group has control.

An estimate of a Republican majority of thirty-five or forty in the House represents the careful figuring of members of the Republican Congressional campaign committee. In arriving at this figure the Republicans counted on the defections of several members of the G. O. P. ticket are not counted as Republicans.

Two hundred and seventeen votes are necessary to control the House. The Republicans now have 215 members, or eleven more than a majority. When the La Follette insurgents, numbering from sixteen to twenty, are eliminated, however, the majority vanishes and the radicals hold the balance of power.

The Republicans are in order to have a clear majority of from thirty-five to forty. The Democrats, with 284 members of the present House, actually have about the same strength as the regular Republicans.

**FIGHTING THE RADICALS**

The Republicans do not concede that the La Follette forces will increase their strength in the House. In fact they are building up a new party, the Progressive Party, which will include the La Follette men, notably Representative Cooper of Wisconsin.

There seems to be a possibility that the radicals may defeat Cooper in the primaries.

The Republican situation in the Senate now looks better. The fact that several of the Republican Senators who have voted with the La Follette radicals have not seen fit to cast their lot with the La Follette-Whelan ticket is regarded as significant.

The only active supporters of the La Follette-Whelan ticket among the Republican Senators are the two Nonpartisan Leagues from North Dakota, Senators Ladd and Frazier.

Neither Senator Norris of Nebraska, nor Senator Brookhart of Iowa, both of whom are candidates for re-election, is to be expected to support the La Follette-Whelan ticket.

Neither appears to be taking any chance of alienating Republican voters by going all the way with the La Follette-Whelan independent movement.

Senator Norbeck of South Dakota, who has often voted with the La Follette bloc, has come out for Coolidge, and assurances have been given that Gov. McMeister, who is the Republican nominee for United States Senator in South Dakota, and has sometimes been considered a radical, will remain in the Coolidge camp.

**SCOFF AT MARS 'SIGNALS'**

Astronomers, Here and Abroad, Say Reports Communication are Fantasies

(EXCLUSIVE DISPATCH)

NEW YORK, Aug. 24.—Asked by The Times and the American Newspaper Alliance for accurate scientific opinions on the reports of observation of Mars, American astronomers have expressed a preponderantly of the opinion that radio signals received at night were a fantasy and that little or no evidence has been added to man's knowledge thus far.

Following are their comments: **SIR FRANK DYSON'S VIEW**  
Sir Frank Dyson, Royal Astronomer, Greenwich Observatory, England:

"Conditions for observation were unfavorable in England. The planet has been observed only once at Greenwich during its present opposition; that was last night. The south polar patch and some other markings were visible but nothing was seen."

Prof. Hugh Newall, Cambridge University:

## Says New Method Heals Rupture

### Kansas City Doctor's Discovery Makes Truss or Operation Unnecessary

A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of Dr. Andrews, well known Hernia Specialist of Kansas City, Mo. The extraordinary success of this new method proves that it holds and heals a rupture. It weighs only a few ounces. Has no hard gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of The Times who writes him. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today.

## COUPON

## SAMUELL BACKS COLORADO PACT

Declares for "Ratification Without Reservations"

Governor Candidate Calls It Hope of Arizona

Osborn, Another Aspirant, is Said of Same Mind

(REUTERS DISPATCH) PHOENIX, Aug. 24.—The Colorado River compact at last has found its champion. Candidate E. W. Samuell, from the stump has fully declared, "I am for ratification of the compact, without reservations. Heretofore, I have asked for an agreement allocating the water of the lower basin first before it is signed, but, after studying that, I find such an agreement, to become binding, must be ratified by Congress. That is the only way to make the compact a reality. I am for it, and I am for it, and I am for it."

Though no open declaration to that effect has been made, there is a widespread feeling that Samuell, a second Democratic candidate for Governor, also is for the compact. At least, he is said to have warm endorsement by Milford Winsor, State Senator from Yuma county, who is for the compact, without alteration, and who represents his section as does no other man. The Democratic conservatives rather generally are procompact. Opposition mainly is within the Hunt element of the party.

### HUNT IN NEW ATTACK

Gov. Hunt has a new feature in his latest speeches. In Miami, he declared the compact "one of the worst swindles of the age." Hunt declared he "would fight for Arizona's rights till he died." Congress will give Arizona a square deal "when it is apparent that this great State cannot be bamboozled." He quoted Engineer La Rue as saying that in the Colorado Canyon are seven dam sites, which can be utilized by Arizona, with 100,000 horsepower. With utilization of the "Arizona" dam to become the ideal State of the future, the socialists talk about so much, "and people no longer will be forced in the future to work as they have in the past."

It is evident that Candidate Samuell, who says he is hurling bricks, not slings mud, is turning State's evidence. Some Democrats dispose of Samuell with the assertion that "he is turning State's evidence." In a late address, betokening at least a reversal of the classic, told his auditors of evil forces at work against him, adding: "If you listen to their siren voices, you will be like Paris of old—destroyed." He referred to the fact that Samuell for seventeen months had drawn \$400 a month for looking after the State institutions he now avers are badly conducted. In the Samuell address, according to Hunt, "Every statement has been distorted and, in many cases, falsehood has been resorted to." An unexpected ally has come to the Hunt camp—Senator Henry F. Ashurst, who is in Arizona, apparently ready for the stump on behalf of the Governor.

### SILENT ON COMPACT

Senator Ashurst thus far has not been quoted on the Colorado River compact. Senator Cameron expressed favor for building a dam in Black Canyon on the river. Representative Hayden, who has just returned to Arizona from Washington, is strong for immediate ratification of the compact as the first step of a plan of southwestern reclamation.

For months, Judge Rawhills C. Stanford of Phoenix was urged to accept nomination against Hunt for the Democratic nomination for the Governorship. He refused, but it now is stated that he about to take the stump in support of the candidacy of Osborn.

With only about three weeks left in the primary campaign, the opposition to Hunt is stiffening in the Democratic party. One of the party papers observes: "The several candidates for Governor seem impeded with the idea that the Colorado River pact is a proposition to be disposed of by them. How do they get that way? Ratification is vested solely with the Legislature. Another refers to 'the Colorado River compact bunk that is being peddled by the blind, attempting to lead the blind.' A third observes: 'There seems to be a growing and insistent demand for new faces at the pie counters. Not so much who, as new. The people have been looking at many of these birds so long that they are demanding a change of scenery.'"

### Costs of Living Prevent Saving by Highwaymen

(REUTERS DISPATCH) ST. LOUIS, Aug. 24.—The cost of living is so high that a highwayman can't save any money. This was the chief complaint of Thomas Conway, 18 years of age, arrested Wednesday at Vandeventer and Eastern avenues, with Joseph Misner, 31 years of age, with whom he had been rooming at 3683 Finney avenue.

The two youths confessed yesterday that they had staged five hold-ups since July 30. "We took in considerable money in those hold-ups but we couldn't save anything," they said. "We wanted to get \$1000 each, so we could open up a battery repair shop. But it costs so much to live that we couldn't get anywhere."

### San Francisco Federal Bank Cuts Discount

(ST. P. NIGHT WIRE) WASHINGTON, Aug. 24.—Reduction by the Federal Reserve Bank of San Francisco of the discount rate from 4 to 3 1/2 per cent on all classes of paper of all maturities effective the 25th inst., was announced yesterday by the Federal Reserve Board.

## COLTER OUT FOR SENATE OF ARIZONA

Pulled from Congress Goal by Hunt; Pledges Effort to Settle Dam Charges

(REUTERS DISPATCH) PHOENIX, Aug. 24.—Fred T. Colter, pulled out of the race for Representative in Congress by the influence of Gov. Hunt, now is running for the place of State Senator from his native county of Apache. He is back in Phoenix, working against the Colorado River compact and for the high-line dam project across the Little Colorado River, above St. Johns.

The Arizona State Taxpayers' Association has reported that "it is no secret that State officials are aware that more than \$125,000 is the principal of loans on the Lyman dam project are in serious jeopardy." The State, at the instance of Mr. Colter, has contributed this money from school funds, as an investment, with security in farming lands to the extent of about 10,000 acres. This security is declared inadequate, with adequate acquisition of the dam, would cause the State, as owner, to become responsible in the event of another break in the dam, such as that which caused its promoters to appeal at first for State aid. No payment has been made of either principal or interest.

Assertion also is made by the Taxpayers' Association that "an other aggregate of \$75,000 of State loans made upon lands near Maricopa Station, in Pinal county, likewise is in jeopardy. The amount of uncollected balances which stand as a credit to these various land funds on the books of the State Treasurer may, in fact, be in the hands of the State, which have failed, and which were not adequately secured, and will entail loss upon the State. The public Arizona cannot afford to speculate with its trust funds." It is asserted that the Western Association cannot be considered safe investment.

### GAME HEADS OPPOSE DAM ON KLAMATH

Commissioners Protest on Ground That Run of Fish Would Be Killed

(ST. P. NIGHT WIRE) PORTLAND (Or.), Aug. 24.—Opposition to the construction of a hydroelectric dam across the Klamath River in California was voiced by unanimous resolution in the final session of the convention of the Western Association of Game Commissioners here last night.

The run of migratory fish would be entirely killed, according to the resolution, by construction of a 150-foot dam on the river fifty miles from its mouth. A resolution asking Congress to appropriate a sum for the distribution of the over-supply of elk, endangering the food supply of the Yellowstone range was introduced. The convention split in a tie vote on the resolution condemning the dam. The dam is to be built on the river fifty miles from its mouth.

A resolution asking Congress to appropriate a sum for the distribution of the over-supply of elk, endangering the food supply of the Yellowstone range was introduced. The convention split in a tie vote on the resolution condemning the dam. The dam is to be built on the river fifty miles from its mouth.

Rolland G. Parvin, Game Commissioner for Colorado, was chosen president of the association and the meeting place next year fixed at Denver.

J. W. Kinney of Seattle, Washington State commissioner, was made vice-president. R. J. Kirkwood, secretary of the Oregon Game Commission for the past year, was made an honorary member. Commissioners and Governor of member States also were made honorary members.

### WOMAN'S SPITE FIRE CAUSES HEAVY LOSS

OFFENDED BY NEIGHBORS SHE STARTED BLAZE THAT SPREAD FAR

(REUTERS DISPATCH) INDIANAPOLIS, Aug. 24.—Because the Madden family killed her dog, threw stones at her cow, and called her a bad name, Mrs. Golda Misner, of Scipio, set fire to a pile of trash in an old building which resulted in a fire razing the Art Madden home, the Pennsylvania Railroad station, an old mill, an elevator and barn at Scipio, according to her confession to the authorities. The confession, Mrs. Misner states she was angry and wilfully lit the blaze. Mrs. Misner is 30 years of age, the wife of Theodore Misner. She was sent to jail at Vernon to await the October term of court.

The buildings destroyed were landmarks of Jennings county. All were owned by Charles D. Butler. In the office of the old mill were stored many antiques representing the Revolutionary, early nineteenth century and Civil War periods. Relics of the World War collected by Mr. Butler's sons, both majors in the A.E.F., also were lost.

### THREE INJURED WHEN KEROSENE EXPLODES

(ST. P. NIGHT WIRE) JAMESTOWN (N. D.), Aug. 24.—Three persons were injured, one probably fatally, and heavy damage done when an 8000-gallon tank of kerosene exploded late yesterday and sent a pillar of flaming oil down one street, burning residences in the vicinity of an oil-refining station here owned by S. C. Miller and H. W. Lyons.

### CHIEF ISSUES WARNING

(REUTERS DISPATCH) ST. LOUIS, Aug. 24.—Chief of Detectives Hongland has issued a new warning to persons employing servants in their homes, asking that all applicants be examined carefully as to character. This action is taken following recent large robberies in the East by persons, who have obtained places in homes of the well-to-do by furnishing bogus references.

## CLASH OF ARMS TO SOUND AGAIN

Mimic Warfare by Marine Corps to be Realistic

Long Marches and Sham Battles on Program

Fighting Efficiency of Body to be Tested

### (EXCLUSIVE DISPATCH)

WASHINGTON, Aug. 24.—Annual land maneuvers to test the efficiency of the fighting forces of the Marine Corps will be commenced Monday morning when more than 3000 Marines will leave Quantico, Va., on a twenty-five-day march, during which more than 200 miles will be covered.

Brig-Gen. Dion Williams will be in command of the Marine expeditionary force which will include infantry, artillery, machine guns, automatic rifles, trench mortars, one-pounder tanks, and all the most modern equipment of present-day war. There also will be auxiliaries, including a gas and flame company, a signal company, equipped with radio, wire and other signal apparatus, an engineer detachment, a completely equipped medical and sanitary organization. With the force will go an aviation detachment, commanded by Capt. Warren McCaughy, comprising three squadrons made up of fast pheasant and combat planes, observation and bombing planes, together with a number of motor double-deckers, capable of carrying more than 1000 pounds of bombs or freight.

### MARCH TO ANTIETAM

The Marine camp site in this year includes a march from Washington, D. C., to Sharpsburg, Md., the scene of the Civil War battle of Antietam, and return, with about ten days' military and historical exercises on the battlefield, together with a number of parades and ceremonies in the cities along the route.

The main body of the Marine force will leave Quantico by barge on the Potomac River at 7 o'clock Monday morning, and will be accompanied on this journey by their band of about 200 pieces, which will play during the trip and while the landing is in progress.

On Tuesday morning the force will start from their camp site in Washington on the beginning of their long march to the scene of their annual maneuvers. The march will be reached on the return trip on Thursday, September 18, where elaborate ceremonies are being planned, to include a parade and review, baseball game and other features.

The exercises planned for the present year are the fourth annual field maneuvers held by the Marine Corps forces at Quantico since the war with a view to keeping that force constantly in readiness to meet any emergency. The exercises will be held at Quantico, Va., in 1921; the second on the Gettysburg battlefield in 1922, and the third, last year, at Newmarket, Va.

The present maneuvers will include periods of intensive training under field conditions for units of all sizes, from the squad of eight men working by themselves up to the division of 15,000 men, attacking as a unit. All arms of modern war will be tried out under field conditions and invaluable lessons taught as to their proper use and the manner in which their effectiveness may be attained. In addition, the problems of handling a large force in the field under conditions approximating those of war will be worked out and experience gained which could be obtained in no other manner.

### WOMAN MUST ALSO FACE BIGAMY CHARGE

(ST. P. NIGHT WIRE) SAN FRANCISCO, Aug. 24.—Mrs. Delphine Schuller, held in the King County Jail at Seattle with Marius A. Miller, San Rafael contractor, with whom she contracted a bigamous marriage recently, must also face a charge of bigamy in court. A warrant for her was sworn out in Marin county today.

Miller's arrest in Bluff Diamond, Wash., Thursday ended his flight after he had been arraigned on the same charge. San Rafael and had posted a bond. Miller's wife is at her home near here.

### GREAT SAVINGS SHOWN

(EXCLUSIVE DISPATCH) ST. LOUIS, Aug. 24.—The Commercial Trust Co. issued a statement showing it has effected a saving of 12 per cent in the purchase of supplies for sixty-four years during the past year. The savings amounts to \$16,440. The council operates a central purchasing bureau.

### A DANDY BUY AT AUCTION

Substantial 6-Room Home 212 S. Ave. 21 Tomorrow, Tuesday 2 P.M.

Also the entire furnishings to be offered as a whole; if not disposed of, will be sold piece by piece.

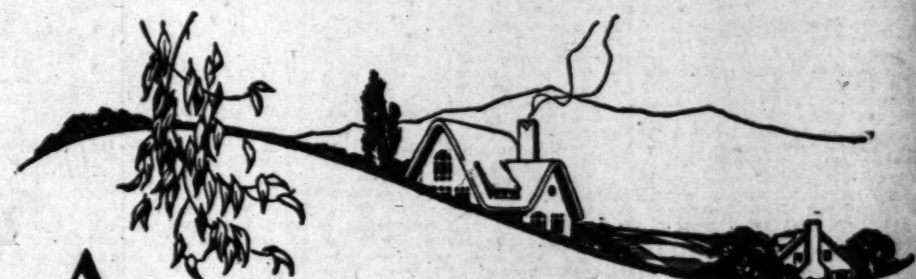

ONLY 15 MIN. FROM DOWNTOWN L. A. CLOSE TO ELYSIAN PARK. Excellent car service. Close to schools. A REAL HOME—Living room, dining room, kitchen, 3 bedrooms. INSPECT PREMISES

BY AUTO—Drive out North Broadway to South Ave. 21, turn south on Ave. 21 to two blocks.

BY CAB—Take "A" car or Pasadena Ave. car to Ave. 21.

C. H. O'CONNOR & SON, Auctioneers  
309 Bank of Italy Bldg. TRINITY 1061

## Of interest to those who may buy or sell subdivision property.

As the population increases in a rapidly growing city, property is demanded on which to build homes. To meet the needs of the home seeker much land in and about the city, previously held in large acreage, is divided into building lots and offered for sale to the general public.

Certain improvements, necessary to make the property liveable, are promised by the subdivider. Streets must be graded and improved. Public utilities—water, gas, electricity—must be provided. Usually these improvements are installed while lots are being purchased on a partial payment plan.

Outstanding mortgages or a portion of the purchase price still owed by subdivider to the original owner must not affect the title he is able to give his purchaser when the payments are complete.

Every responsible subdivider guarantees the fulfillment of all promises and is able to deliver a clear, unencumbered title to the property he sells.

Subdividers or those contemplating the purchase of subdivision property may find advantage in a discussion of their problem with one of the Trust Companies named below.

UNION BANK & TRUST CO. of LOS ANGELES

This is the twenty-fourth of a series of advertisements describing the functions of the leading Trust Companies of Los Angeles, named above.

## Ovation is Given Airman Doisy on Return to Paris

(BY CABLE—EXCLUSIVE DISPATCH) PARIS, Aug. 24.—Cap. Pelletier Doisy, the French aviator, received an ovation on his return to Paris after flying half way around the world. The bride of the aviator and his faithful mechanic, Ben, accompanied the flyer. Government and army officials were present at the station to meet him. Aviation attaches of all the embassies also were on hand to congratulate the daring pilot, and the entire staff of Maxim's waiters, where Capt. Doisy often was seen—paraded to the station to offer a champagne cup, although it was only 9 o'clock in the morning.

Capt. Doisy's first question was whether the American flyers made their hop to Greenland safely, and when answered in the affirmative he stated he believed they finally would overcome the last obstacle and will complete the globe-girdling flight safely. He expressed his regrets when told that Lieut. Locatelli, the Italian flyer, was missing.

## FARM PRODUCTS JUMP IN VALUE

Government Reports Reveal Better Conditions

Prices Maintain a Steady Trend Upward

Prospects for the Farmer Grow Brighter

(EXCLUSIVE DISPATCH)  
WASHINGTON, Aug. 24.—Federal officials are gratified with the improved agricultural outlook as a result of the upward trend of prices which is revealed in analysis of government reports. These reports disclose decided progress toward greater stability during the past year. Evidence of this is found in the fact that prices of farm products have increased materially, the increase ranging from 5 to 11 per cent. Of the commodities that the farmer has sold, the increase in price indicates a substantial betterment in agricultural conditions. Reports received by the Department of Agriculture show that the exchange value of farm products for the things the farmers buy now stands at the highest point in the history of the country, as compared with the year of 1913, since that date there has been further improvement.  
A survey of agricultural conditions just completed by Secretary of Agriculture Wallace convinced him that the morale of the farmer, particularly the wheat farmer and the hog raiser, is higher today than at any time since the post-war depression set in.  
"The prospects for the farmer, so far as prices are concerned," Secretary Wallace says, "are better this year than in the last three years, or I might even say four years."

CONDITIONS IMPROVE  
According to C. T. Jaffray, head of the Agricultural Credit Corporation, which was organized with a capital stock of \$10,000,000 to aid farmers in the Northwest, there is a general improvement in sentiment in that region, more confidence in the banks and every indication that conditions there are getting back to a normal and established basis. There has been a marked drop in pressure calls for aid from the corporation during the last month. The corporation has given direct and immediate aid to a large number of banks and farmers in the Northwest. Many banks have reopened and others will reopen soon.  
Mr. Jaffray said the Northwest States are diversifying safely and as rapidly as possible. He announced that the farm diversification program will be continued, calling attention to the fact that this cannot be brought about quickly as the grain farmer must change gradually as conditions warrant. Great progress has been made, however, in putting the diversification program into effect, which President Coolidge asked the corporation to do after the failure of the Norbeck-Burns bill to pass Congress. The Agricultural Credit Corporation was created as a direct result of the special conference called by President Coolidge February 4 to lend a helping hand to the Northwest in its temporary distress.

CONFIDENCE INCREASED  
The immediate effort of the conference was a decided increase in confidence in banking circles that were hard pressed. In response to the President's appeal business interests undertook to contribute funds to the corporation. The response was gratifying, and clearly indicated the willingness of business generally to come to the aid of the distressed area, this being amply illustrated by the fact that the business interests of the East contributed liberally to the corporation's capital.  
The work of the corporation has been far-reaching, in its effects. The first official statement covering the first three months of the activities of the corporation which was issued recently, showed that up to June 31 loans and commitments totalling \$4,563,000 had been made to 273 banks in the Northwest.

## French, English Found Cheerful Over Business

(EXCLUSIVE DISPATCH)  
PHOENIX, Aug. 24.—President Howard Peek of the Phoenix Chamber of Commerce, himself a cotton factor, has returned from a short business trip to European markets. He found the English and French worrying less about business conditions than are the Americans. They bought liberally of American cotton during the early summer and are not to be expected in the market again till after November.

Mills are operating from 80 to 90 per cent of normal and are doing a satisfactory business, awaiting the outcome of reconstruction plans. Now that time long-stale no longer is being offered in quantity, he found that French spinners of fine goods want it. He did not visit Germany, but was advised that industrial conditions there are in very bad shape, with the manufacturers borrowing money at high interest. Mr. Peek looked especially into the possibilities of placing Arizona cotton in the English and French mills and found the local product well-received for its exceptional quality.

LOST KNIFE RECOVERED  
(EXCLUSIVE DISPATCH)  
KINGMAN (ARIZ.) Aug. 24.—A tourist, California-bound, here inquired for Charles Roe, to whom he delivered a pocket knife that bore the name and address of the local resident. The traveler said he had picked the knife up on the street in Kansas City in 1918. Mr. Roe bought the knife here in 1911 from a traveler, and lost it the following year. So six years are not counted for in the knife's history. It still is in good condition.

PLAN TO COMPLETE JAIL  
(EXCLUSIVE DISPATCH)  
ST. LOUIS, Aug. 24.—Plans are being made here to complete the fifth and sixth stories of the City Jail. When the building was constructed a few years ago, the fifth and sixth floors were left unfinished. Now that the jail usually has from 200 to 300 prisoners, with cells for only 132, an ordinance is to be rushed through to provide additional room.

# FREE

A Pair of Pure Silk Hose

To every woman that accompanies her husband to this unheard of Low Price Sale. And to the men a good linen shirt FREE. You must buy a suit.

# SALE OF MENS CLOTHING AND FURNISHINGS

Attention, Men of Southern California—

We, the National Clothing Co., have bought out the store and entire stock of merchandise from that famous clothing merchant, Mr. Dan Casey, who was established for 36 years at 340 South Spring Street. We did not want to buy the stock from him but we were compelled to do so, so that we may have a good location for the future. We are going to remodel the whole building and build for Los Angeles one of the most beautiful men's clothing and furnishings stores that the mind can conceive. Now, then, in order to be able to go ahead with our program, we are compelled to sell out this entire stock of high grade clothing and

furnishings. Our time is very short. We must make room for our building contractors. Our system of doing business is already known everywhere, when we have anything to sell we sell it, so here goes this stock of high grade merchandise at these unheard of prices. Our aim is to gain the confidence of every man and woman in Los Angeles and we know of no better way of getting acquainted than to give every man twice the amount of value for each dollar. So, men of Los Angeles, come to our store, bring plenty of money with you, we will give you the biggest bargains and more for your money than you ever received.

## SHIRTS

## GRIP OF LAW RELEASED

Confessed Thief Returns to Face Charge and is  
Liberated on Promise to Repay Loss

SANTA ANA, Aug. 24.—The law, which closed down its grip upon Robert G. Bleakmore, after five years of patient waiting to punish a crime committed in 1919, had today released him on probation.

## PAIR SHAKE AS ROBBERS RIFLE SAFE

Fear Keeps Spectators of  
Theft From Calling Police  
Until After Men Flee

By a "Times" Staff Correspondent  
LONG BEACH, Aug. 24.—Fear kept householders, a man and a woman, shut to a front window of their home early today watch- ing the burglars open the safe of the Western Auto Supply Company store here, and kept them from giving an alarm until after the burglars had disappeared in an automobile with 1255 they ob- tained from the strong box.

## FAMILY LACKS IN LOVE SPIRIT

Justice Repeatedly Called  
To End Squabbles  
Court Session Immediately  
Followed by Quarrel  
Combatants Told to go Home  
and Sin No More

CALIPATRIA, Aug. 24.—Justice of the Peace P. N. Myers has again been called upon to straighten out the affairs of the Cain family, consisting of J. N. Cain, father; Oscar Cain and wife, and Mrs. Cain, stepmother of Oscar. The Justice, after hearing various charges made by each of the four against the others, has attempted them with reprimands and with instructions to return home and fight no more. According to old-time residents of the Calipatria district, the Cains have been involved in a federal suit for several years and their affairs have been aired in police courts before.

### High Lights of the High Dive of the Mile High Swim

Lake Arrowhead Swimfest Crowned With Success Yesterday  
In the upper picture is shown Harold Bundy making a swim dive. Harold finished second in the men's diving event. A glimpse of the beautiful lake can also be had in this picture. In the lower picture on the left appears Marichen Wehuelau, the Olympic swim champion from Hawaii, who won the 100-yard free style. Dodie Blewett, who upset the dope in that event by beating out Olive Hatch for second place, is the other figure in the picture. Duke Kahanamoku, winner of the 100-yard free-style swim for men, appears in the lower right. Beside him is Olive Hatch, who captured the 100-yard backstroke event. These pictures were rushed from the "water front" in record time by the Pacific and Atlantic Photo Service.

#### Henderson to Have Calland as Assistant

Leo Calland, former U.S.C.  
football star and coach, has  
been appointed line coach on  
the Trojan Varsity this year, ac-  
cording to an authentic report  
emanating from Henderson's  
camp at Catalina Island. The ap-  
pointment is being made because  
Henderson feels that he needs  
his assistant a man who under-  
stands his system. It is said  
Calland has played football under  
Henderson for the last eight years,  
four years at Broadway High in  
Washington and four years with  
the Trojans, and should know his  
business.

The coaching staff at U.S.C.  
this year will line up about as  
follows: Henderson, head coach;  
Calland, line coach; Sterns-  
negar, taking care of the ends,  
and Hunter doing his usual stuff  
on the backfield. "We won all our  
fresh games while Calland  
coached them," said Gloomy Gus.  
"So now we'll shift him and see  
if we can't win varsity games for  
a change."

#### STIRBLING IN MAIN EVENT

(EXCLUSIVE DISPATCH)  
NEW YORK, Aug. 24.—The  
local fight treat piece de resistance  
will be a six-round affair between  
Young Stribling, the speedy Geor-  
gia light heavyweight, and Paul  
Berlenbach, the Yorkville slugger,  
at the Velodrome on Wednesday  
night. The fact that the fight is  
limited to six rounds would seem  
to assure real action. These two  
are sure to crowd enough fire-  
works into those half dozen rounds  
to satisfy the most exacting fight  
fan. Stribling will probably hit  
Berlenbach with more boxing  
gloves than he ever met up with  
in his life. Paul won't hit Strib-  
ling quite as often as he takes  
himself, but if he gets one  
sound wallop over he is likely to  
make a lot of trouble for the  
Georgian.

#### BREAKS OLD SWIM MARK

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, Aug. 24.—  
Leo Purcell, Olympic and Dolphin  
Club swimmer, competing against  
time in the tenth annual San  
Francisco police department and  
Dolphin Club aquatic meets to-  
day, swam across Golden Gate  
Strait and back, one and six-  
eighths miles, in one hour, six  
and one-half seconds, breaking a ten-  
year-old record. A previous mark  
of 1:20 was established by Walter  
Pomeroy, September 24, 1914.  
"Pop" McNulty, 55-year-old  
Dolphin Club athlete, negotiated  
the one-way distance in 40 min-  
utes, 53 seconds.

Lady Bailey, wife of Sir Abe  
Bailey, South African mining mag-  
nate, has the reputation of being  
the best woman shot in the world,  
both with gun and rifle.

#### Bowie Detrick Beats Neer in Tennis Match

(BY A. P. NIGHT WIRE)  
DEL MONTE, Aug. 24.—Bowie  
Detrick of San Francisco, former  
tennis champion of Hawaii, today  
won the men's singles event of the  
Del Monte invitation tennis tour-  
nament by defeating Phil Neer,  
Stanford University, 6-8, 7-5, 6-4.

Marion Williams of La Jolla won  
the women's singles from Carolyn  
Swartz, San Francisco, 6-4, 7-9,  
6-3.

In the men's doubles, William  
Parker and Bowie Detrick de-  
feated Homer Levinson and Mor-  
can Fottrell, 6-3, 6-3. All are of  
San Francisco.

Marion Williams, paired with  
Miss Dorothy Royce of Santa Bar-  
bara, defeated Mrs. Ream Leach-  
man, Vallejo, and Carolyn Swartz,  
1-6, 6-1, 6-4, in the women's dou-  
bles.

#### R-BOAT TITLE WON BY DEBRA

(EXCLUSIVE DISPATCH)  
LOS ANGELES HARBOR,  
Aug. 24.—Sailing through  
heavy seas, Ben Weston's  
sloop, the Debra, won the  
Pacific Coast R-boat cham-  
pionship in the third heat  
of the series today. The De-  
bra won all three heats, de-  
feating the crack San Fran-  
cisco Yacht Club's boat, the  
Francesca. Despite poor sail-  
ing conditions, the winner's  
time of 2 hours, 19 minutes,  
53 seconds is the fastest ever  
done over the sixteen-mile  
course. The time for the  
Francesca, finishing second,  
was 2 hours, 20 minutes, 31  
seconds. Bill Spaulding skip-  
pered the winning boat and  
the Francesca had Martin  
Wall at the helm. Seven other  
entries raced but were all  
distanced. The Debra is part  
of the California Yacht Club  
fleet.

#### Vernon Signs Up Southern Hurling Star

Seeking to bolster up the  
pitching staff, admittedly the  
weakest part of the team, Ver-  
non officials yesterday pur-  
chased Charles Fulton, a right-  
hand heater, from the Aus-  
talia, Ga., club in the South  
Atlantic League. Fulton has a  
splendid record this season,  
having won twenty-four games  
and lost only five.

He was recommended by  
Charles Yoc, Augusta manager,  
and officially O.K.'d by Scout  
"Deacon" Van Buren, who saw  
him in action. He will join the  
Tigers in about two weeks,  
leaving Augusta September 2.

Frank Shellenback and Har-  
ry Courtney did not accom-  
pany the Bengals on their trip  
to Seattle last night. The for-  
mer has a sore arm, while  
Courtney's ailing hipper has  
never rounded into decent  
shape and he probably won't  
pitch any more this season.

The Vernon management paid  
the Chicago White Sox \$16,000  
for him, and as he has  
been practically useless the  
case is now up before Commis-  
sioner Landrum.

Young Ed Bryan, who  
pitched such splendid ball for  
Vernon after coming here from  
Texas about a month ago, only  
to be laid low with malarial  
fever, went north with the  
team last night and will be  
ready to take his turn in the  
box soon.

#### FIRST CONTEST WON BY TIGERS

Totals 12 to 6

Ducks Win Over Ludolph in  
Second, 6 to 4

Dick Cox and Jim Poole Slam  
Long Home Runs

BY BRAVEN DYER

Showing a fine brotherly spirit  
which is entirely fitting and prop-  
er on the Sabbath day, Portland  
halved yesterday's double bill with  
the Vernon athletes, the Ducks  
copping the final game, 6 to 4, af-  
ter the Tigers had slammed three  
heavers for a 12-to-6 win in the  
opening contest. Portland an-  
nounced the series, and game to  
three, which will undoubtedly be  
good news to the home folks in  
Oregon.

The closing game was one worth  
watching, while the opener can be  
classed only as a horrible hitting  
exhibition with the locals bright-  
ening up their batting binoculars  
to the extent of amassing no less  
than eighteen blows.

Joe Winters and Wee Ludolph  
were sent against each other in  
the first tilt and the fans wit-  
nessed a good contest, with Ver-  
non always threatening but never  
able to put over enough runs to  
catch up to the Ducks.

For three innings the two teams  
battled without a run and then the  
visitors broke the ice in the fourth,  
when Ludolph waved like a red  
in a storm. This inning also  
served to convince baseball fans  
that the umblings, which have  
been heard announcing the com-  
ing football season are absolutely  
authentic. Jim Poole and Charley  
High put on a play that would  
do credit to any backfield com-  
bination.

After McCann had been retired,  
Cox drew a walk and scored all  
the way from first on Poole's sin-  
gle to center, the best Portland  
outfielder running with all the  
speed of the Winged Mercury. High  
singled to Warner, Poole holding  
it up at second. Manager Brasili,  
who had a tempestuous day of it  
with his own pitchers and what  
he considered poor umpiring, han-  
dered a double to right, which Rod  
Murphy almost got his hands on.

Poole, on second, thought Rod  
was going to make the catch,  
while High, on first, was sure such  
a thing was impossible. The re-  
sult was that while Poole was de-  
ling all of his running in one spot,  
waiting for Murphy to gather in  
the fly, High was in high gear and  
gaining on him rapidly. The ball  
finally landed and then Poole  
girded up his loins and streaked  
for home, with High close behind.  
They rounded third and Murphy  
pegged to Griffin.

By this time High was virtually  
ready to take his turn in the  
box soon.

Chicago Beats New Yorkers in 2-to-1 Game; Aldridge and McQuillan Stage Pitching Duel

Final Aquatic Festival of Summer to be Held Sunday At Ambassador

Stanislaus Zbyszko Gets All Excited and Threatens to Withdraw

Lou Daro almost had to call off the big match scheduled for Wednesday night between Stanislaus Zbyszko and "Strangler" Lewis. It looked for a short time yesterday as if the whole affair was going down in history as a wrestling fiasco.

It all happened this way. Lewis is the proud possessor of a belt which has thirty-nine diamonds stuck in it, the value of the trinket being in the neighborhood of \$10,000. It goes with the world's title and as he is champion Lewis is entitled to the belt.

Knowing that he was to meet Lewis for the championship Zbyszko feared the belt would be at stake. His surprise was great yesterday when he learned that the wrestling match was not to be put up. "Zbyszko" sought Daro and flattered himself to go on with the show.

Daro hustled down to Long Beach and had a conference with Billy Sandow, Lewis's manager. Sandow said there was nothing doing, the belt was not to be at stake. After much discussion the two finally agreed to put the belt up and Zbyszko was happy, as he has designs on the valuable piece of jewelry.

Promoter Daro reports a huge advance sale and the house is sure to be packed.

O'Neill Fined for Mixing It Up With Boss

(EXCLUSIVE DISPATCH) SALT LAKE, Aug. 24.—Harry O'Neill, star right-hand pitcher of the Salt Lake Bees, whose mound work has been the feature of the local club's playing the past three weeks, was fined \$100 and suspended for ten days by Manager Duffy Lewis today after the two had staged a fist fight in the Salt Lake clubhouse between the first and second games of the double-header.

O'Neill finished on the mound for the first game with a record of 10-1, and Lewis, who had been charged with the defeat when Ray Jacobs hit one of his offerings over the fence with one man on base in the tenth inning.

In the clubhouse, Lewis, it is claimed, called O'Neill was negligent in his work for throwing Jacobs a ball and to do so and fined the Bees hurler \$100. Lewis followed and then O'Neill knocked Lewis down and blackened his eyes. Manager Lewis then laid out on a heavier fine and suspension.

## SUPERCHARGE motor

in the BALBOA

At the Ambassador—This Week

SUPERCHARGE motor is one in which an additional charge of air under pressure is injected into the cylinders, augmenting the combustible mixture and resulting in vastly more power.

Extensively used in airplanes and racing cars, supercharge motors have won so many of the world's speed competitions that they have been barred from many speedways.

After four years proving, BALBOA has produced the first car with this principle applied in practical form for general use.

—The Balboa develops 100 horsepower.

—It has a vertical eight cylinder motor.

—It is guaranteed to deliver 25 miles to the gallon of gasoline.

—It will make 30 miles in low gear, 80 in high.

—The original Balboa ran more than 100,000 miles without overhauling.

This is remarkable in a car of 127-inch wheelbase, weighing 2,900 pounds. See the Balboa at the Ambassador. It is a beautiful car—in the \$3,000 price class.

## PARTY LEADERS URGE BIG VOTE

Locally, the Boy Scouts of Angeles are working with the Chamber of Commerce in an educational campaign with special reference to familiarizing the public with the fact that so-called "brush" is of intense importance in mountain storage of water. The chamber is attempting to have the term "National Forests" changed to "National Water Sheds" to overcome the misapprehension as to the value of the brush-covered slopes.

**CHALLENGE RULE  
ON POWDER RATE**

**PROTEST AGAINST ARIZONA  
COMMISSION'S DECISION  
WILL BE HEARD**

A hearing relating to the constitutionality of orders of the Arizona Corporation Commission will be had next Thursday in the office of Judge Erskine M. Ross of the United States Circuit Court of Appeals, before Judge Ross, Judge William P. James, of the United States District Court in Southern California, and Judge F. C. Jacobs of the Arizona District Court. The case is that of the El Paso and Southwestern Railroad Company against the Arizona Corporation Commission, the Apache Powder Company and others, involving a protest against intra-State rates on powder established by the State commission.

Judge Jacobs issued a restraining order in the case on July 13, last, at Prescott, Ariz. Among the defendants to the action are various corporations and railroads interested with the plaintiff in obtaining a reversal of orders made by the Corporation Commission on representations of the Apache Powder Company relative to shipments of powder within the State. It is alleged that the State commission has exceeded its authority in holding as excessive certain rates said to have been established by the Interstate Commerce Commission.

**ASSERTED ROBBER IS  
BEATEN BY VICTIMS**

Daniel Senz, 32 years of age, 2207 East Ninth street, went to a house at 1523 Lemon avenue Saturday night, pulled a revolver and ordered Leo Carroll and Samuel Bargo to hold up their hands, according to police reports. Instead of complying they grabbed the gun, beat Senz up, called an officer and sent him to jail. He is charged with assault with a deadly weapon.

*Note*

**\$200,000 a month  
to Loan**

Our program calls for a steady output of \$200,000 every month for legitimate home financing.

Now, while building costs are at a low level, is the time to start. Security supervision will give full protection against building hazards.

You can get a large enough loan to build a good home on an ordinary lot. You may use your own plans and your own contractor. Monthly payments include all costs. Your property will be free and clear in 10 years. You will be paying yourself rent.

Security Loans are made also on homes already completed. If you need home financing investigate the Security Plan at once. Call or send the coupon for application blanks.

You assume no obligation.

PROTECTING THE FOREST

BY ALEXANDER C. EVANS

Forest fires are still a menace to the future of California and other western states. The fire season is upon us, and the danger is more imminent than ever.

Already this year over a million acres of our national forest have been burned over, and the loss is estimated at \$100,000,000.

Notwithstanding the fact that the fire season is upon us, the forest fires are still a menace to the future of California and other western states.

The problem of how to protect the forest is a serious one. The forest is the lifeblood of the western states, and its destruction would mean the end of the west.

The forest is the lifeblood of the western states, and its destruction would mean the end of the west. The forest is the lifeblood of the western states, and its destruction would mean the end of the west.

The forest is the lifeblood of the western states, and its destruction would mean the end of the west. The forest is the lifeblood of the western states, and its destruction would mean the end of the west.

The forest is the lifeblood of the western states, and its destruction would mean the end of the west. The forest is the lifeblood of the western states, and its destruction would mean the end of the west.

COUNTY PULPITS RING WITH JUDGE SHELDON CLARION

More Than 100 Ministers Urge Congregations to Oppose Election of Keyes

Sheldon was posted on the bulletin board of the Central Christian Church of Glendale yesterday as "one adjudged worthy of support."

At the close of the service cards were handed out urging voters to vote for Judge Sheldon, although he was not named by the pastor in his talk.

Something More!

After meals you want something more—a bit of sweet with a change of flavor. WRIGLEY'S is that "something more" and it's more than that! It is a great aid to your good health, as medical authorities say.

This is from a recent book on health:

"Many physicians now recommend gum chewing... for a better and more complete change of the starches into dextrin."

WRIGLEY'S after every meal

—means that your digestion is aided while your pleasure is served; teeth and digestion both benefit.

Your choice of several flavors, all of the WRIGLEY quality—sealed in its purity package.

Wrigley's makes the next cigar taste better

JUDGE YORK BACKED FOR NEW PERIOD

Presiding Superior Court Official Indorsed by Many Civic Bodies

Presiding Judge John M. York, a native Californian, 46 years of age, has served the county of Los Angeles for two years as a Judge of the Superior Court.

Judge York received most of his education in California, attending the public schools and graduating from California Tech. Later, he took a special law course at the University of Virginia, also receiving private instructions under his father, Waldo M. York, while the latter was on the Superior Court bench of Los Angeles county.

Judge York was admitted to practice by the Supreme Court of California, the United States District and Circuit courts in 1919, and by the Supreme Court of the United States in 1920, engaging in the general practice of law in Los Angeles from 1919 to 1922.

He was elected Judge of the Superior Court in which capacity he has served since.

The majority of people are not cognizant of what the office of a presiding judge of the Superior Court involves. It means the handling of an endless array of cases of every type in serious and move very rapidly, cases are disposed of within a few minutes and it takes a man such as Judge John M. York to preside with poise and the judicial temperament, a sound legal mind and great capacity for work.

Judge York is indorsed by the Clean Government League of California, an organization composed of 16,000 citizens seeking the accomplishment of things for the improvement of the city and county; the Los Angeles County Bar Association, from which he received the largest number of votes in a ballot by that organization; the Municipal League of Los Angeles; the Long Beach Bar Association; the Pasadena Bar Association; the Los Angeles Bar Association; the Los Angeles Record; and other forces.

VALENTINE ASKS CITY TRIBUNALS

Superior Court Candidate for Re-election in Legal Work Here Thirty Years

Judge L. H. Valentine, candidate for re-election to the Superior Court bench to succeed himself, has given thirty years to the practice of law in Los Angeles and has served the county in various capacities for seven years.

Judge Valentine is a native son of which fact he is extremely proud as he is of the fact that all of his education was received from Hastings College of Law, San Francisco, where he received an LL.D. in 1917.

One of the chief interests of Judge Valentine during his thirty years service has been his earnest concern in fighting attempts at bad legislation. The Judge's record has been to look after the

economic interests of the county and he believes in the passage of the proposed Constitutional amendment creating municipal courts in cities of 40,000 or more to take the place of town and county courts in those cities and to have jurisdiction over cases involving \$1000 or less.

Among Judge Valentine's indorsements are Bishop Johnson; Los Angeles Bar Association; Clean Government League of California; Municipal League of Los Angeles; Long Beach Bar Association; National Independent Spiritualists Association; California Anti-Saloon League; Ancient Egyptian Order of Sclots of Glendide; the Apartment-House Association of Los

Angeles County and others. Five thousand representative business and professional men and women signed Judge Valentine's petition and are actively working in his campaign.

KEYES LIST OF BACKERS GETS LAUGH

Names of Whittier Men Long Dead Appear on Screenshot to Voters

WHITTIER, Aug. 24.—When the backers of Dist. Atty. Keyes in his political fight start to do things here they do them generally, and as a result the people

of Whittier enjoyed a good laugh today with the breakfast coffee. A lengthy screed was sent to voters and published in a local paper as an advertisement, attesting to the "ability, integrity and experience" of Mr. Keyes. Appended were about 300 names of persons supposedly pledged to vote for him.

The 300 names were very impressive. But interested persons reading them observed a strange similarity between the top and the bottom of the list, which was not arranged alphabetically. They then got out their pencils and made a check with the following extraordinary results.

Herman L. Perry's name appeared four times on the list. F. Frantz and Wallace Gregg appeared three times. Among those who appeared twice were: Jeff Wingert, D. G. Holt, T. Clinton Veale, A. R. Hixon, Walter E. Butler, A. C. Johnson, R. B. Way, Gurney D. Maple, C. C. Hassard, B. L. Donaghy, W. H. Kimball, W. M. Holland, F. W. Hadley,

Miss Elizabeth Lum, Lewis C. Wicker, Orson I. Early, S. O. Brees, Reuben T. Walters, C. A. Rees, and Mrs. Landrum Smith. M. D. McCaslin, F. W. Gray and C. R. Dixon are dead, but their names were on the list. Mr. McCaslin's name being used twice.

Miss Edith Tebbetts was married four years ago, but she is on the list. Several other married women are listed under their maiden names.

In scores of instances the persons whose names appear declare that it is unauthorized, and that they are for Justice Caryl Sheldon for District Attorney.

Thus, counting out the duplications and the unauthorized names, the impossible list dwindles rapidly. In some quarters there is a suspicion that the Keyes agencies had the printer set up a list from a slightly shop-worn telephone directory, and that the printer did his "durstest."

Apron effects, cape backs and slittings are three popular features of summer frocks.

## VOLUME 1

**SERVICE HELD  
IN DANCE HALL**

*Place of Pleasure is Turned  
Into House of Worship*

**Church of Christ on Moneta  
Avenue Flourishes**

**BY ALMA WHITAKER.**  
Yesterday I went to church in a dance hall over some stores at 5428 Monetta Avenue, where I found a very earnest and flourishing Church of Christ—and a dance hall transformed into a House of God in verity.

I arrived in the middle of the Bible school classes, three of them. Brother George Pepperdine conducting that for the adults earnestly studying the first chapter of St. Peter and seeking its deeper interpretations for application to life today. Brother I. E. Robertson

children, a healthy, happy, ardent array of delightful boys and girls in their best bibs and tuckers. And the first of the first—these were the stories of salvation into the minds of the little children—dozens of them, behaving with the utmost decorum.

And they all stayed through the service which followed, which was suggested by the hymns and the psalms. The children of all ages—crying up to mamas and daddies and big sisters and brothers.

**VOCAL MUSIC**

The service opened with a hymn led by Eamon, a boy, with an outburst of music of any kind other than the hearty voices of the congregation. "Will There Be Any Stars in the Sky?" sang the choir in excellent harmony.

A very youthful Brother Farrin

He raised from the dead, Baptized, and He raised the dead. He raised a brief tender prayer with all standing, the keynote of which was to thank Jesus. Then He said, "Thou didst so love me that Thou didst send us a Saviour."

The pastor of the church, Dr. E. J. Hogan, said in his address, "Absence Brother J. J. Hogan preached the sermon, a young and very earnest man. He began by alluding to the death of a church member during the previous week, reminding his congregation of the uncertainty of life on earth. Christ, he said, is the only one who has built upon faith in the gospels, he said, always died with happiness and peace. He said, "Grieve, who die in anguish, who have expressed fear and sorrow, are those who cannot die by the lives and the words under which they have lived."

**STRESSES DUTIES**

He stressed the importance of Christian duties as relating to the church. He said of the ordinance of baptism, "I have no appointment, no commission, no authority, no power, no name, no title, no Lord, as set forth by St. Paul in his epistles to the Corinthians." He said, "I am a minister of the Gospel, reading particularly from Colossians 3 beginning, 'If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God,' and from Philippians IV-13. Finally, brethren, whatever things are true, whatever things are honest, whatever things are just, whatever things are pure, whatever things are lovely, whatever things are of good report, if there be any virtue, if there be any praise, think on these things." He said to the young men, "I have no appointment, no authority, no power, no name, no title, no Lord, as set forth by St. Paul in his epistles to the Corinthians."

whom as he deplored how many of these observations have been perverted by men. Nothing is so common as to make the salvation of the individual soul, he declared. Not even our dearest relationships vie with this in the world's estimation. In this world pass away, they have served God's purpose. The only relationship that remains through the death of the individual is God by which we are either saved or lose our souls. And the church is the earthly home of this relationship. We are the children of our parents, our spouses, our children in Heaven. Love, hatred, envy—all things of the flesh cease with the death of the individual. A person who facetiously declared he would rather be in Hell with his friends than alone in Heaven

**COMMUNION ESSENTIAL**

One of the essential observances of a church is the sharing of the Lord's Supper. As Brother Homer said, was the function of the Lord's Table and our communion with Him and with our brethren in Christ.

He asked his congregation whether they believe that this is their Church of Christ, was the reason why we are here today? Just "more nearly right than other churches." He exhorted them to know and believe it was the best and "most nearly right church, the only religion."

The Lord's Supper was served after the sermon, Brother Homer saying, "The bread and wine—the bread and "fruit of the vine" being served to the congregation in their seats after the manner of the Church of Christ. The testimony was taken without exhortation.

tion to giving and the service concluded with the singing of the hymn "Jesus is Calling Today."

A long session for the little ones—but none fidgeted, none showed the slightest inattention—a church remarkable for its happy disciplined small children.

Only three such institutions in the products made by disabled veterans official endorsement of the Social ink, it was announced Saturday.

help the men and women help themselves as well as be useful to the community.

"The handicraft of these veterans," Mrs. Smith declared, "is resulting in finely-made products. The Hut merits the hearty cooperation of the public in helping to find a market for the wares."

**THOUSANDS HAVE ENTREE.**

There are said to be more than 7000 disabled veterans in Los Angeles and all of them are privileged to use the free workshop at the Hut. Profits made on the sale of the goods go to the veterans and some of the articles on sale are bead bags, lamp shades, jewelry, furniture, baskets, dolls, fa-
